

General Privacy Statement Network Services 06-GPS

- 1. Privacy protection.** For the services offered by 06 Global Positioning System B.V. (hereinafter “06-GPS”) the use of personal data is necessary. 06-GPS guarantees the privacy of its users in the scope of the legal provisions and the manner described in the following.
- 2. Processing of personal data.** 06-GPS collects and processes the data during the registration of the contract. Contractual data is necessary for the delivery of our offered services and contain: legal trade name, address, bank details, (sur)name, e-mail address, telephone number and the brand and type of Global Navigation Satellite System (GNSS) receiver. During usage of our service, data containing IP-addresses, data usage, locations and connection times of the GNSS receiver are stored.
- 3. Duration of data storage.** During the contract period the personal data is stored unless requested otherwise. One year after cancelation of the contract the data will be deleted.
- 4. Data transfer to third parties.** 06-GPS does not share or sell personal data, except when to comply with legal obligations or if necessary for the delivery of our service. 06-GPS stays responsible to keep the data confidential.
- 5. Managing personal data.** You will always have the right to insight in personal data, or to adapt or delete personal data. A request can be send to info@06-gps.nl

Further information can be found in the 2018 General Data Protection Regulation (GDPR, Dutch: AVG) and art. 11.5a of the Dutch Telecommunication law.
